

משניות Project

As we near the end of the year, it is important to have a basic understanding and appreciation of the entire mesechta that we have been learning this year. With this in mind, we will be spending time learning the משניות of perakim 1-4 and 10 of מסכת פסחים. Together with a partner of your choice, you will go through all of the משניות in order to gain a fundamental understanding of the mesechta. As you go through the משניות, you will be expected to take notes that will summarize the משניות. You will be required to submit those notes independent of your partner. After you have completed the משניות, you will choose a song and write lyrics that summarize the משניות you learned. You can either record the song outside of class, or perform the song live. The original songs must be pre-approved by me before moving forward. The lyrics must accurately and creatively reflect the משניות you learned. Both members of the group must participate in the performance of the song.

Due Date: Wednesday, May 20th

If you have any questions, please feel free to ask. I am here to support and guide you in order to help you be successful.

Good luck and have fun!
